

**With Information and Communication Technology continually evolving, your organisation needs an expert technical partner to maximise productivity and optimise ROI.**

**Evotec** provides professional services in complex voice and data networks, HP Enterprise system design and maintenance, Sophos and Fortinet IT security, cloud and on-premise telephony, Call Centers, Call Recording and Reporting software, headsets, mobile phones, video conferencing systems, application management software, servers, storage, networking, and electrical and data cabling.

As a Telstra Enterprise dealer, we can advise and facilitate your carriage services on your behalf to provide a complete business communications solution package.

We have been in the communications business for 27 years and we are proud of our partnerships with quality, global-leading vendors such as HP Enterprise, Sophos, Aruba, Cisco-Meraki, Purple WiFi, Telstra, Unify – formerly Siemens Enterprise Communications, Alcatel-Lucent, Hybrex, LifeSize Video Conferencing and Tyco Electronics (Krone and AMP NetConnect).

We provide expert consultation, design and installation and a range of priority support options to protect your ICT investment, maximise up-time and get your systems up and running fast in the event of a fault.

When you need reliable and cost-effective ICT that streamlines your operations, talk to **EVOTEC: Empowering Business Productivity.**
