

The new iQ 30 Cart will be available soon.

The iQ 30 Cart supersedes the iQ 32 Cart and is the ultimate solution for managing iPad deployments. It can sync, charge, store, secure and transport up to 30 iPad, iPad Air and iPad mini devices.

Benefits:

Efficient syncing. Using iTunes® on your MacBook®, you can sync up to 30 iPad, iPad Air or iPad mini devices simultaneously.

More power. With 2.1 amp power at each port, the iQ 30 Cart is capable of charging up to 30 iPad, iPad Air or iPad mini devices at the same time.

Extremely portable. The iQ 30 Cart is equipped with six removable 5 slot carry baskets (new design). This makes iPad, iPad Air and iPad mini deployments easier with the iPad Cart.

Style meets functionality. The iQ 30 Cart features a sliding top lid so that iPad devices can be accessed quicker, easier and by more users at once.

Improved cable management. The iQ 30 Cart features a new centre channel system that holds all the cables in place. It is neater and easy to setup than any other Cart.

Go mobile! The iQ 30 Cart is designed to be mobile, so you can create an instant learning environment in almost any location.

Lock it down! After a day of use, lock the iPad Cart down with the heavy duty anchor kit for securing the iPad Cart whilst it's not in use.

Compatible. The new carry baskets are designed to accommodate all iPad devices with or without cases.

10 year warranty! PC Locs products are built to last the distance.
