

With slim, sleek glass across a 23-inch diagonal screen, the HP EliteOne 800 all-in-one desktop computer optimise desk space and easily mounts on a wall.

It works fast with solid-state drives and solid-state hybrid drive options and the latest processing technology with a choice of 4th generation Intel® Core™ processors.

You can connect up to four displays, using the digital DisplayPort with multi-stream and optional discrete graphics card.

Use virtual conferencing through rich sound and video using DTS Studio Sound and an HD webcam.

The optional 10-point capacitive touchscreen makes the most of Windows 8.

Security is one of the HP EliteOne 800 's strengths with a full portfolio of HP Client Security12 and Intel vPro13 management features.

You can add RAID configurations to use dual storage drives to automatically back up and help protect your sensitive data.

This work-ready PC is designed for a long lifecycle, with platform stability up to 30 months.

And get priority service with HP Elite Premium Support, at no additional charge.

HP EliteOne PCs are rigorously tested to help ensure reliability. During the HP Total Test Process, PCs experience 115,000 hours of performance trials to help get you through your business day.
