

Sure you can provide staff with cheap computers, but what does that communicate? How long will they last? Will they be secure? Quality is always worth a little extra.

Starting at 1.2 kg and 15.7mm/.62 inches thin, the HP EliteBook Folio 1020 is impressively thin and light and firmly ticks the quality box as a business-class notebook.

HP's quality construction gives you confidence this device will withstand the rigours of daily business life on the road. And it has HP's industry leading security and management solutions that keep devices, data, and identities secure and easily managed with tools like HP BIOSphere and HP Touchpoint Manager.

Features

Resilient – engineered with no moving parts and designed to pass MIL-STD 810G durability tests for drop, shock, vibration and more
Collaborate with colleagues with HD web cam, immersive DTS Studio Sound™ with stereo speakers, dual-array microphone and HP Noise Reduction Software

Ergonomic keyboard – after hours of user studies, HP engineered the HP Premium Keyboard with a remarkable balance of comfort and feedback allowing users to concentrate on the task at hand

See it all with brilliant clarity on a 12.5" diagonal FHD anti-glare non-touch display or stunning high-resolution QHD touchscreen option

Keep your connection with WiDi, Miracast, and WLAN 802.11ac/Bluetooth® 4.0 combo. Plus, easily tether to your phone for mobile broadband on the road

Wide range of optional accessories like an ultra-slim docking station, Elite curved display, HP Slim AC Travel Adapter, wireless keyboard, and more

Enjoy two USB 3.0 charging ports, a MicroSD expansion slot and HDMI video output.

Take advantage of HP's Elite Support, limited warranty, and Global Series support.

Technical support with Helpdesk by HP Care Services. Rely on cost-effective expertise that's available 24x7, covering multiple brands, devices and operating systems.
