

The HP ElitePad 1000 G2 takes the business tablet to the next level with more power, enhanced connectivity and a huge range of accessories.

This tablet feels light at just 0.68 kgs and 9.2 mm thin, but it's built to last. It has a 10.1 inch screen, a 64-bit Intel® processor and dual cameras so you can collaborate with colleagues face-to-face.

The ElitePad 1000 G2 supports touch, pen or voice-based input and you can easily incorporate the HP ElitePad 1000 G2 Tablet into your IT environment and simplify your workload with optional solutions from HP, LANDesk and Microsoft.

HP BIOS Protection2 offers enhanced protection against virus attacks to the BIOS and other security threats, and is designed to help prevent data loss and reduce downtime.

HP has given this ElitePad a complete suite of accessories — smart jackets, battery, adapters, docking stations, covers, cases, and more — designed specifically for the HP ElitePad to deliver a true mobile business solution.
