

HP's Revolve EliteBook is an ultra-thin, full-performance Windows® 8 notebook that transforms into a tablet, so you can choose what works best for you in any situation.

Durable and reliable this ultra-thin, full-performance notebook/tablet, gives you a sleek, thin, and light notebook with a screen that revolves to share your work.

You can turn and fold the touch enabled display and go ultra-mobile as a tablet and the HP Revolve automatically adjusts the screen orientation, brightness, and more based on the way you're working.

Features include an 11.6-inch diagonal HD display, full-sized, backlit keyboard an optional pen and a starting weight of just under 1.4 kgs.

It has a 720p HD camera for video conferencing dual-microphone array and DTS Studio Sound.

You can choose solid-state drive options up to 256 GB and RAM up to 8GB with Windows ® 8, or Windows ® 7 for existing deployments

Battery life is up to 8 hours and 15 minutes and connection is via integrated 802.11a/b/g/n + Bluetooth® or optional WWAN

It has USB 3.0 and DisplayPort, and simple, wireless transactions, data sharing, log in, and more with secure NFC.2. Plus enterprise-class common docking capabilities for quick desktop efficiency.
