

If you're an architect, engineer, or designer, or you just need a powerful and fast machine that will keep pace with evolving technology, consider HP's latest ZBook range of "mobile workstations".

The specs are impressive for the top model, the ZBook 17 workstation: Up to 32GB of 1600MHz DDR3L memory, 2.8 terabytes of storage and 12 hours of battery life.

Showcase your best work in the office or on the go, using a vivid 17.3-inch diagonal optional HP DreamColor display .

Take advantage of HP's most powerful processing and graphics, consistent colour throughout your workflow, and blazing-fast connectivity.

The range includes ZBook 17 (pictured), ZBook 15, and the ZBook 14.
