What Microsoft do

Microsoft believe technology can and should be a force for good and that meaningful innovation can and will contribute to a brighter world in big and small ways. When designed with people at the centre, devices can extend your capabilities, free you up for more creative and strategic endeavours and help you or your organisation achieve more. Microsoft deliver secure, private and reliable computing experiences based on sound business practises.

Microsoft Solutions

Azure

Achieve your goals with the freedom and flexibility to build, manage, and deploy your applications anywhere. Use your preferred languages, frameworks, and infrastructure—even your own datacenter and other clouds—to solve challenges large and small.

With help from Azure, you have everything you need to build your next great solution.

Microsoft 365 and Microsoft Teams

Reimagine the way you work with Microsoft 365 and Microsoft Teams. Calls, chat, host online meetings, and collaborate in real time, whether you are working remotely or onsite. Get one integrated solution including Teams, OneDrive cloud storage, and Office apps with advanced security options.

- Defend against cyberthreats
- Secure your Device
- One cost-effective solution

Microsoft

Surface

Surface

From home office to kitchen table to living room sofa, Surface delivers the power to get it done, hi-res touchscreens and Dolby® Audio™ for music and programmes, HD cameras to stay in touch, and the Windows you know.

Built for business. Inspired by the ways you work. Designed for the ways people work and protected by modern security and manageability, Surface devices are loved by employees and trusted by business.
