

Evotec offers expert advice and support for organisations that wish to maximise ROI on their investment in communications and data infrastructure. We provide advice and recommendations you can trust.

When you're looking carefully at total cost of ownership, it is important to choose a technology partner that provides information and assistance in the best interests of your business.

Our point of difference lies in our experienced and training Account Managers and Help Desk team. With Evotec you can be confident, talking to real, local people who take care to understand your business.

Evotec is committed to the design, execution and maintenance of solutions based on high quality technology that matches your business needs, both now and in the future.

Our services include:

- Analysis
- Design
- Implementation
- Project Management
- Installation
- Maintenance
- Support
- User Training

For an expert solution to your business' IT and Communications contact us on 1300 133 996.
