MS Teams Bar

A30 owns native Teams or Zoom expensive that all features can be operated by just one touch or by the remote controller. Meanwhile, A30 supports both content sharing and whiteboard that making the meeting more communicative and collaborative. Equipped with AI technology, including Auto Framing and Speaker Tracking. With the 133° wide-angle lens and Auto Framing, it can recognize the number of and the position of attendees, framing everyone smoothly in the most appropriate view even in small spaces.

Built-in 8 MEMS microphone arrays and speaker allows users to enjoy a full-duplex voice experience seamlessly without interruption and to be heard and speak clearly in a meeting.

Konftel Cam50 PTZ Conference Camera

The Konftel Cam50 brings exceptional image quality to your video conference at a fraction of the cost of other comparable conference cameras with PTZ (pan-tilt-zoom)

It is based around premium class optics and outstanding precision - all the way from the lenses to the image sensor and the technology used to optimise the quality of the video.

By Taking the 12x optical zoom all the way you will be able to show notes on a whiteboard or details of a product sample with impressive clarity.

Even in low lighting, the image is crisp and clear. A 72.5 degree field of view creates a sense of presence right from the start.

Whatever your preferred app or cloud service, Konftel CAM50 will sort out the video image, this huddle room solution will also transfer to larger situations as long as you can connect via USB.

- Meeting up to 20 people
- Resolution is Full HD 1080p/60fps
- 12x optical zoom
- Pan-Tilt-Zoom
- 72.5 degree field of view
- 170 Degree horizontal and 60 degree vertical rotation
- Remote control included
- Wall mounting bracket included

Konftel C50300 Hybrid

The Konftel C50300 Hybrid is a flexible range of premium video collaboration solutions for medium and large meeting rooms, combining the Konftel Cam50 PTZ conference camera and a Konftel 300 model with OmniSound audio quality.

The Konftel Cam50 comes fully HD ready, with 12x optical zoom, and a 72.5° field of view, bringing you exceptional image quality to your video conferences at a fraction of the cost of other comparable conference cameras with pan tilt zoom.

The Konftel OCC Hub brings the whole bundle together, so a single USB cable is all you need to connect the camera, the conference phone and the room's screen to the collaboration app on your Laptop. You can also have the freedom to add participants via regular phone calls.

The conference phones in the 300 series are optimized for meetings with up to 12 participants in the room. By adding extra microphones, you can expand the effective audio coverage for large video conferencing with up to 20 people.

What you get is a flexible premium bundle for video conferencing with phone calls as a back-up.
