

The Alcatel-Lucent 8232 DECT handset offers an easy-to-use, cost effective and reliable voice communication solution that addresses the mobility needs of evolving business environments.

The 8232 DECT Handset provides a convenient and practical solution for the basic personal mobility needs of most business environments. It offers simple and efficient voice communications, enhanced usability and compatibility with the existing Alcatel-Lucent base station portfolio. It also offers all of the Alcatel-Lucent OmniPCX Office RCE value-added voice services (such as dial-by-name and multi-line management).
